

Meher Center Safety Guidelines for Retreat Guests

Updated 4-3-22

General

1. The CDC is now using community levels of infection to determine prevention steps against Covid. Levels are deemed low, medium or high, depending mainly on hospitalizations.
2. The CDC notes: Proven prevention steps include staying up to date with vaccines, getting tested if you have symptoms, and wearing a mask around those at increased risk for severe illness from the virus.
3. No one is to arrive at Meher Center if they are ill or have any of these symptoms: Cough, Shortness of Breath, Fever, Chills, Muscle Pain, Headache, Sore Throat, Loss of Taste or Smell.
4. Masks are available at all indoor locations, but only **required** inside Meher Abode.
5. Social distancing is encouraged when appropriate.
6. If a person develops respiratory or Covid-like symptoms during their stay, it should be reported immediately to the Gateway: (843) 272-5777.
7. If you should become infected after visiting the Center, it is very important to inform the Gateway so that we can respond accordingly.
8. Should the Center experience a high number of cases, we will close the retreat.

Cabins

1. Guests are placed in cabins so as not to have to share bathrooms with those outside their social pods.
2. When leaving your cabin at the end of your stay, open windows and turn heat to low (or off if possible).

Kitchens

1. Communal kitchens are for guests who are assigned to those kitchens - ONLY. No daytime visitors or guests in family cabins are allowed in these kitchens.
2. Masks will be available for all who are using the communal kitchens.
